## TRANSPORTATION

Seven bus routes are available, with pickup spots noted along these routes (see descriptions of routes below). If you live along these routes, please have your child meet the bus along the route or at specific pickup points. If you wish to notify the bus garage that your child will be riding the bus along a specific route, please do so (715-273-3917). Otherwise, the bus will pick up children along the route. Attendance will be kept on each bus, so please notify the bus driver if your child will not be riding at any particular time, morning or afternoon.

**Note: On a daily basis, if there are any changes in your child's transportation arrangements, you must call the Middle School office at 715-273-3908 by 11:30am, even if their classes are at Ellsworth Elementary School.** Staff assist children in getting on the right bus, so it is absolutely necessary that you contact the office regarding changes (e.g. if you are picking up the child, if the child needs to get off the bus at a different location like day care, etc.). Thanks for your cooperation in making sure all children are safe and supervised.
