

Global Citizenship Program – Application for Certificate Program

Both an academic and extra-curricular program, the GCP offers students the chance to increase their global awareness, heighten their appreciation of diversity, and enlarge their capacity to work and contribute in an increasingly interconnected world. Not only will students have the opportunity to explore the world around them, but they will also be recognized for their efforts on their college applications and be awarded a certificate upon completion of the program. The students who participate in the program may travel internationally, participate in local intercultural activities, organize global activities for their peers and their community, belong to the GCP Club, and complete a globally-focused project. Let the adventure begin!

Student Name _____

Year of Graduation _____

Phone Number _____

Email _____

I have read the standards and requirements for the Global Scholars Program. I fully understand the guidelines for the successful completion of all established criteria necessary for the awarding of the certificate.

By signing, I verify that I intend to complete the requirements for the Wisconsin Global Education Achievement Certificate.
